The application has been amended as follows:

Claims 120, 128, and 134, presented in the amendment filed on 8/12/2004, have been cancelled.

The following new claims have been added:

137. (new) The method as defined in claim 119 wherein each of said waveforms has its own power source.

138. (new) The method as defined in claim 127 wherein each of said waveforms has its own power source.

139. (new) The method as defined in claim 133 wherein each of said waveforms has its own power source.

Art Unit: 1725

This amendment is made in order to correct an error in applicant's amendment filed on 8/12/2004. In the previous amendment filed by applicant on 4/9/2004, claims 120, 128, and 134 were canceled. In his amendment filed on 8/12/2004, applicant presents claims 120, 128, and 134 as amended claims. Applicant is advised that a cancelled claim cannot be reinstated in a subsequent amendment. To correct this situation the instant Examiner's amendment has been made whereby claims 120, 128, and 134 have been cancelled and the content of these claims as presented in the 8/12/2004 amendment has been retained in the application by adding claims 137-139.
